

Guidelines for attending online classes

1. Our institute has a 'Web enabled cloud based Learning Management System (LMS)' which is named as 'Shiksha Kaushal'. It has two different components which are integrated.
 - a. **Eduserver**: A Moodle based cloud hosted LMS. This has tools for student management and progress tracking, content creation and sharing, communication and interaction, assessments, grading, attendance, surveys, etc.
 - b. **Cisco Webex suit**: A web-based platform for managing online classes, online training, meetings and conferences.
2. The system can be accessed using the URL <https://eduserver.nitc.ac.in>.

3. The LMS can also be accessed through our institute website www.nitc.ac.in using the link "SHIKSHA KAUSHAL", as shown below.

4. Log in to Eduserver with your NITC email ID and Eduserver password.
5. The course faculty will provide you with the Enrolment key(s) to access the course(s) you've registered.
6. Use the enrollment keys to register for various courses. This is a one-time process.

All Courses

Help Desk

Welcome to your homepage at the NITC Eduserver

If you are a student and your teacher has provided you a six digit Enrolment Code (different from the course code), you can enter it in the box above to enrol to that course. Each course has a different key, and you will have to come back to this page (click Home from the left panel) to enrol to a another course.

You can see all your courses from the link 'My Courses' at the top. Then the gear icon will show you the edit options for that course.

You can visit the dashboard and customise this page.

7. If you forget your password anytime, you can click the “Forgot password” link in the frontpage and provide either your username or your nitc email address in the next page. You will receive an email in your nitc email address with a link to reset the password.

9. You can go to your course page by selecting the course from a drop down menu at the top.

10. You can access the contents of the course page such as course plan, links to online classes, online exams, assignments etc. A sample image is hown.

11. To attend online classes scheduled in Cisco Webex, visit the course page and click on the URL provided by the course faculty.
