HIGH TPR HINDERS IMMEDIATE CAMPUS RETURN OF STUDENTS

Due to the current high Test Positivity Rate (TPR) of COVID 19 in the state of Kerala and especially in the Calicut district, it is informed that at present the Institute is NOT planning to bring back UG and PG students to the campus hostels. Experts in the health department also predict a third wave of COVID 19 from the month of August in the country. In this background, all students are informed that the Institute shall not be considering any requests for campus return by UG/PG students till there is an official order from the Government of India and the Government of Kerala specifically allowing UG/PG students to work physically in the campuses. All the club activities (clubs under SAC) shall also continue to be undertaken in the online mode. Students who have net connectivity issues may please make own necessary arrangements for attending the online classes. *The situation shall be reviewed periodically and these decisions will be revised according to the pandemic situation in the country and as per the Government orders.* Until then, the students are advised to stay safe in their homes and continue to do their academic activities in the online mode. Wishing all students, a fruitful and safe semester ahead.
