NATIONAL INSTITUTE OF TECHNOLOGY CALICUT
NIT Campus P.O., Calicut - 673601.Kerala, India

About the Course Objective

Supply Chain Management is an emergent field of practice and academic research. Both the perspectives are not fully matured and each has considerable promises as well. The future progress of Supply Chain Management will ultimately depend upon the enhancement of each other. Hence, the objective of this faculty development programme on Supply chain management is to provide a foundation for design and analysis of evolving supply chains and share the upcoming trends and issues that are of interest for further research.

Topics for FDP

- Procurement and Supply Sources
- Sustainable Supply Chain
- Information Systems and Quality
- Supply Chain Configuration
- Supply Chain Management Performance
- Production and Inventory
- Operations Research Applications
- Production and Delivery Synchronization

Resource Persons

Experts of NITC and invited experts from IIT, IIM, NIT and Industries will handle the various sessions.

About Kozhikode

Kozhikode is a major centre of higher education, learning and research in Kerala. It is the hometown of the institutions of national importance including NITC, IIMK, NIELIT, CWRDM and IISR. Direct trains to most of the major cities in India connect to Calicut. It is also well connected by road to Mangalore, Bangalore, Ooty, Coimbatore, Cochin and Trivandrum. Calicut has an International Airport which is located about 45 km away from institute.

About the Institute

(www.nitc.ac.in)

National Institute of Technology Calicut is one of the premier technical institutions in India. NITC is set in a picturesque landscape at the foothills of the Western Ghats, located on the Calicut-Mukkam road, about 22km from Calicut City. The institute offers 10 undergraduate and 27 postgraduate programmes apart from the Ph.D. Programme under different departments. The institute has good infrastructure in computing, information technology, laboratories and library including a hi-tech Nalanda digital library.

About the Department

<http://nitc.ac.in/index.php/?url=department/index/12>

The Department of Mechanical Engineering, the largest Department in the Institute, offers B.Tech. (Mechanical Engineering), B.Tech. (Production Engineering) programmes, M.Tech. programmes in Industrial Engineering and Management, Manufacturing Technology, Thermal Sciences, Energy Engineering, Materials Science & Technology and Machine Design. The Department admits students for Doctoral Degree Programme twice every year for Monsoon and Winter sessions.

There will be Tutorial Sessions in the FDP. The participants are requested to bring a scientific calculator for these sessions.
