

AN APPEAL TO SENIOR STUDENTS

People of nation are supreme. When the whole nation and the Hon'ble Supreme court of India condemn ragging, you and the institute authority can not find shelter anywhere but to face the consequences of the rule of the land. Senior students need not take the responsibility of grooming the juniors (there are people available for this, including their parents) which ultimately leads to the ragging menace. You are earnestly requested to keep away from such incidents. Channelize your potential to acquire knowledge and skill.

Wish you all the best,

Warden's committee
